

Starting Monday October 4<sup>th</sup> Kiamichi Technology Center, McAlester Campus will be starting an Agribusiness training course. This course will combine classroom experience with practical applications to help participants improve the skills they use in managing farm, ranch or agricultural-based businesses. The cost of the class is \$100.00 per farm. The Class meets twelve times for the next four months. Each class meets three hours a week every Monday from 6:00-9:00 p.m. For more information call (918) 426-0940 and ask for Clyde Spears.
